

23 sins that will keep you out of the kingdom of God. This is a near complete listing.

The following sins were found on a messianic Jewish site. I believe they were posted as an attempt at manipulation, though they are, on their own and in context, valid. Due to the manipulative nature of the site, I consider it a threat to the greater good and will not link it. I explain this after this list.

PHYSICAL SINS:

Sexual Sins.

ADULTERY ("cheating" or "having an affair"). Adultery is defined as having an intimate relationship with someone other than your spouse.

EFFEMINATE (or **CATAMITE**). An Effeminate or Catamite is defined as a boy or youth who is in sexual relationship with a man.

FORNICATION. Fornication is a general term for any form of sex outside of the marriage bond, that includes sex between an unmarried man and a woman (called "hooking up"); adultery (sex with someone other than one's spouse), bestiality (sex with animals) or incest (sex with one's family members).

LASCIVIOUSNESS. Lasciviousness is defined as any uncontrolled indulgences of physical pleasures; this can include any physical addictions (food, sex, drugs, etc.).

DRUNKENNESS. Drunkenness is defined as being intoxicated with some substance, usually alcohol or drugs.

FORNICATION. Fornication comes from the Greek word *porneia*, and it's the source for the English words "porn" and "pornography." Porn and pornography are not innocent pictures, but they are a form of sex that begins as mental/emotional images and fantasies that will harm the image and expectation of one sex with another, and if over-indulged, it can make one dependent on it in order to sexually perform.

SPIRITUAL SINS:

IDOLATRY. Idolatry is defined as a servant of, or worshipper of, an image, a false god, or anything other than the God of Abraham, Isaac, and Jacob.

WITCHCRAFT. Witchcraft is defined as sorcery, witchcraft, or magic (literally or figuratively).

ENVY. Envy is defined as a feeling of discontented or resentful or ill-will longing aroused by someone else's possession, qualities, or luck.

HATRED. Hatred is defined as a "heart" sin, and any hateful thought or act of hostility is an act of murder in God's eyes for which justice will be demanded, possibly not in this life but at the judgment.

VARIANCE. Variance is defined as the acts of anger that result in quarrels, strife, discord, or contention. Variance often results in division, sects, divorce, and even church splits.

WRATH. Wrath is defined as an emotional outburst that's violent and fierce, but short-lived. It occurs stops as suddenly as it flared up.

THEFT, Theft is defined as stealing or taking something from someone without their permission.

Here is where my commentary on the above starts.

I am reluctant to list the site because it strongly promotes Israel, which is a cesspool of filth and corruption that violates every last precept listed above, in abundance, and with arrogance. It is probable that the site has listed some amazing stuff for the sole purpose of manipulation.

But the list is quite good, and I'll therefore dissect it. First thing to point out - it missed blasphemy and the use of the name of God for profit. As in televangelists. I am sure preaching God so you can have a multi million dollar mansion and fly private jets is a no-no. **It also missed usury, which is a clearly laid out major sin.** That said - a few line items here:

Context is everything. Time for dissection:

Hatred: God gave you feelings in part to trigger self defense, and there's nothing wrong with hatred toward those who have actually caused you intentional harm. It is perfectly OK to hate someone who forced you to vaccinate your kid, and then destroyed your kid. Or to hate someone who wrecked your family, robbed your home or business, or did anything else that caused you harm. Not acting on that hatred, if taken to an extreme, is to discard your responsibility to put things right. You have a right to self defense. There is no commandment anywhere that tells you to let people cut your throat.

Wrath: There is absolutely nothing wrong with delivering wrath to people who have earned it. It is all a matter of context. Don't go around potato gunning the neighbor for a loud radio. DO use wrath to put things right with those who have subverted your country. It is all a matter of what it takes and excessive action against petty infractions is obviously wrong.

Here is why I would not link the source site:

It is because the Jews in Israel and elsewhere do the following as a matter of course with near total unilateral acceptance as a way of life, and the site strongly promoted Israel. What do they do? Here it is:

Adultery: This matter is handled with a small payment to a rabbi. Obviously it's not good for a relationship also.

Subversion: In our society, for the purpose of subversion which is a component of sedition, the Jews are more than promoting, they are in effect indoctrinating and forcing the following sins on us: Homosexuality, Lavaciousness, uncleanness (see "rusty trombone")

The following sins are the religion of the modern day Jewish people- it is the only way to describe the state of their religion:

Variance: The Jews do everything they can to sow discord in populations and set people against each other.

Sedition. Through sedition, the Jews have infiltrated the nations of the world, even the CHRISTIAN nations of the world, and subverted them against all common sense with regard to the greater good. That is a serious sin, which gave them the power to enforce the next sin:

Extortion: Extortion is defined as the practice of excessively grasping or obtaining something through force or threats, such as money, valuables, or property. **HOW ARE YOUR TAXES DOING?** In the original constitutional United States, you did not have to worry about having your property stolen because you refused to be extorted via property tax, your valuables taken via "asset forfeiture" or your wages siphoned off via "income tax" which if run as actually defined - an "income tax" should not be able to touch wages anyway.

The taxes are paid to the Jew. They go nowhere else. The Jews take a majority of "taxes" and use it to feed **another sin - usury** to pay "interest" towards their "central bank" they got put in place via sedition and subversion. **What little remains gets fed into a "welfare" system that is used to manipulate people into further enhancing Jewish efforts toward sedition and subversion of targeted nations. That's what the entire refugee and immigration scam is based on.**

Anyone foolish enough to believe taxes are not extortion ought to try not paying them, and American history proves the taxes we have today are not needed. All national needs were met with taxes on imports and exports. All taxes since that have been implemented by pure, raw extortion for the benefit of the Jew, and that is a sin the modern day Jew has exploited with aplomb.

I don't need to go into the sin of being a liar much, which defines the modern Jew. Just look at the MSM.

Murder: Anyone who goes counter to Jewish efforts and is successful with it spontaneously suicides. That's also modus operandi for the Jew.

When the Torah was delivered, it was not delivered to Israel. All of the Abrahamic scriptures were delivered in the wilderness to "all who would receive them". And nations which followed those scriptures were promised peace and abundance. Prior to the Jewish sedition that destroyed the United States and other Christian nations who received

the Abrahamic scriptures and lived them, aside from two Jewish inflicted world wars the Christian nations did indeed have peace and abundance. Due to Jewish sedition and subversion of these nations, what is left now is the remnants of that reward while everyone not Jewish is stuck like rats in a cistern, swirling ever deeper into debt and desperation while they get ripped off at every turn, having "lots of money" but no peace while ALL OF IT gets thrown into scam after scam, nowadays in huge part the medical and mega priced housing scams. Just price the medical so high that even insurance is a financial disaster and crank the property values up into the stratosphere to justify an exorbitant "property tax".

Which leads to the ULTIMATE Jewish sin:

EMULATIONS: Emulations is defined as the stirring up of jealousy, envy, or malice in others, because of what we are, or have, or profess.

DESPITE THE ABRAHAMIC SCRIPTURES STATING THEY ARE FOR ALL WHO WOULD RECEIVE THEM, THE JEWS HAVE SET THEMSELVES ASIDE AS SUPERIOR EVEN DESPITE LIVING IN AND DESTROYING NATIONS THAT WERE CLEARLY SUPERIOR AND MORE BLESSED BY GOD THAN ANYTHING THE JEWS ACCOMPLISHED ON THEIR OWN. AND THEY DID IT BECAUSE THEY BELIEVED THEY WERE SUPERIOR FOR BEING JEWS, HAVING THE TORAH, AND THEY HAVE DISTINCTLY PROFESSED THEIR SUPERIORITY. THAT KIND OF MINDSET IS WHAT A CULT IS MADE OF.

They then did everything they could to stir up envy, jealousy, and malice in all communities that were not specifically theirs, for the sole purpose of gaining superiority, even though the root of their religion was promised to all who would receive it.

Aah yes, Emulations - The good old divide and conquer. Setting up scenarios that cause people to be divided and malicious is modus operandi for the modern Jew, it is a key tool of the destroyer. And they believe they are commanded to do exactly that, so their nation is the only nation that exists, from which they will rule with an iron fist.

The bottom line:

The modern day Jew is going to hell. How much more clear does it need to be than the old testament in the Christian bible? It's an identical match to the Torah, and NONE of the Jews can deny that Christ was Jewish, ONE OF THEIR OWN, DOCUMENTED. What the hell went wrong in that community that made them feel they had the right to destroy the followers of Christ, a DOCUMENTED JEW, and

then proceed to destroy Christian nations and Christian people by behaving like a satanic cult? What made them believe it would be OK to adopt the worst sins as a way of life to accomplish it? They are TOAST.
